

# NOUVEAUX™

## Engineered Vinyl Plank EVP

**Wellmade®**  
PERFORMANCE FLOORING

Nouveaux™ Engineered Vinyl Plank represents the next generation of Luxury Vinyl Tile. Featuring a rigid, high density composite core, Nouveaux™ EVP provides exceptional detail and texture while exceeding the performance of standard LVT flooring. Choose from exciting "Premium" and "Select" collections.

- Exceptional detail and style, innovative core technology, outstanding performance
- Stylish wood and stone designs featured in extra wide and extra long planks for added visual impact (Premium)
- Classic hardwood designs in standard 48" lengths (Select)
- High density WPC construction hides sub-floor imperfections
- Vinyl backing adds slip resistance and reduces sound transmission. Uniclic system "floats" over existing floors
- Scratch resistant and virtually waterproof performance
