THE COMPETITION AWAY!

SUPERIOR DENSITY

100%
WATERPROOF

VALUE AND PERFORMANCE TO THE CORE

TOLERANT TO HEAT

- Performs in temperatures up to 200 degrees F. without crowning, cupping, plank distortion or wear layer delamination
- Perfect for use in three season rooms and/or direct sunlight

100% WATERPROOF

- Closed cell construction eliminates air pockets and moisture absorption
- Dimensionally stable in any environment. Installs without acclimation

SUPERIOR DENSITY

- Superior impact resistance for high traffic areas
- Rigid construction eliminates telegraphing, reduces vertical deflection
- Higher density improves locking strength
- Rigid core remains pliable for easy installation
