

## Real Strand Bamboo. Real Moisture Protection

OptiWood™ makes waterproof bamboo flooring a reality. Coupling the performance virtues of rigid core flooring with the unique "character" of real strand bamboo, Wellmade's patented HDPC® CORE Technology seals out moisture, period. And annoying "repeat" patterns are a thing of the past. OptiWood™ looks and feels like REAL strand bamboo -- because it is!

- Available in Wellmade® branded programs or "private label" collections
- The beauty and warmth of REAL strand bamboo flooring
- Natural strand bamboo veneer eliminates repeat patterns
- Superior dent resistance. 2X harder than solid oak hardwood flooring
- Hardmax® finish protects against spills. Damp mop for easy cleaning
- Perfect for all living areas, including those with higher risk of spills or increased humidity like kitchen, bath, basements and 3-season rooms
